

Family Advocacy Treatment Manager

Position Location:

TASKS, RESPONSIBILITIES, AND ADDITIONAL DUTIES

A member of the multidisciplinary Family Advocacy Program team and works to assess families referred for suspected maltreatment and treats individuals, families, and groups whose maltreatment allegation(s) met criteria for maltreatment. Also, the FATM supports the New Parent Support Program (NPSP) to provide voluntary, comprehensive prevention services (primarily home-based) to families to prevent the occurrence of family maltreatment. Finally, the FATM provides Family Advocacy Strength-Based Therapy (FAST) services by providing voluntary prevention counseling to individuals, families, or groups who are at risk for maltreatment.

- ✓ Assesses families referred for suspected maltreatment and treats individuals, families, and groups whose maltreatment allegation(s) met criteria for maltreatment.
- ✓ Provides voluntary, comprehensive prevention services to families to prevent the occurrence of family maltreatment.
- ✓ Provides voluntary prevention counseling to individuals, families, or groups who are at risk for maltreatment.

REQUIREMENTS

- ✓ U.S. licensed clinical Social Worker.
- ✓ Master's degree from a Council on Social Work Education (CSWE) accredited school.
- ✓ Two years of full-time post-master's degree experience (within the last three years) in professional clinical counseling service programs to men, women, and children who are abusive or abused.
- ✓ Must also have experience as a group therapy facilitator or co-leader.
- ✓ Shall be able to obtain and maintain a NACI Clearance.
- ✓ Understanding of the military culture and/or experience working with military population (Preferred)
- ✓ Basic Life Support Certification: At a minimum, all FAP personnel working within a Military Treatment Facility must maintain current certification in either the American Heart Association Basic Life Support Course (BLS) (Course C) or the American Red Cross Cardiopulmonary Resuscitation (CPR)/ BLS (Heart Saver) Course.
- ✓ Before starting work, FAP personnel working with MTFs shall provide proof of immunization from the following diseases according to CDC guidelines: Hepatitis B, measles, mumps, rubella, varicella, and influenza, and proof of a negative TB skin test (completed within the past 12 months (if positive, proof of negative chest X-ray within the past 12 months) prior to start of work).
